

# Daily Scrum

14 May 2024/22:00 / Discord

## Attendees

James Stanton, Herry Ye, Jarren Downward, Ruaan Maharaj

## Agenda

- **Backlog Refinement follow up**
- **UML Diagrams**

## Notes

- James said that he started recording moves that can be used while playing the game.
- Herry said that he started implementing a more effective logic for the board.
- Ruaan said that he is done with implementing the Screen Recording, and is going to start updating the UML diagrams.
- Jarren said that the multiplayer lobby sessions are now stored in the database, and he is close to finishing it.

## Action Items

1. Fetching Json files for moves
2. UML Diagram updates
3. Screen recording implementation
4. Board logic updates

## Next Meeting Agenda

Daily Scrum - 18 May 2024/19:00
